Miss Xandra Breakefield
Wilson College
Chambersburg, Pa.

Dear Miss Breakefield:

Thank you very much for your letter. I think your interest and enthusiasm in this field of research is wonderful and I would be happy to have you visit the laboratory so that we could talk for a little while during your spring vacation. I hope that in a short visit you can get at least a partial idea of how we work and what we think about.

Call me at Oliver 6-4000, extension 2881, during your spring vacation to make sure that I will be here.

Sincerely yours,

Marshall W. Nirenberg
